

THE MBA PROGRAM
2023-24 CLASS BOOK

Schneider School MBA Students:

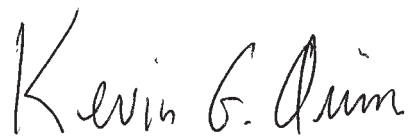

We are delighted to have you as part of the Donald J. Schneider School of Business & Economics Master of Business Administration program.

You represent a talented group of outstanding individuals committed to professional growth. Your enrollment in the MBA program reflects a resolve to make yourself into a stronger business leader, and we applaud you for investing in your future.

As talented and forward-thinking members of the Schneider School of Business & Economics family, you will value the academic tools you gain as much as the professional network you create.

As you prepare to take your career to the next level, we hope the program will inspire you to help shape a great future for our community – building positive places to work, live and learn.

Best wishes,

A handwritten signature in black ink that reads "Kevin G. Quinn". The signature is written in a cursive, flowing style.

Kevin G. Quinn

Dean of the Donald J. Schneider School of Business & Economics

Michael Aschinger is a retired command sergeant major with the Army and Army Reserve. Having served from 1999 to 2024, he performed multiple combat tours and stateside tours in support of COVID-19 operations and civil authorities. Michael retired from the U.S. Army in 2023. He is now the chief of staff to the CEO at Aleto, Inc. where he is charged with oversight

of internal communications, leadership development and special projects for the CEO. Additionally he has responsibility for enhanced organizational alignment and communications management to ensure success in a rapidly growing business. The business emphasis is on space planning, facilities management and data analysis, all in a federal contracting environment. Prior to working in federal contracting, Michael served 12 years in law

enforcement, including administration, investigation and training roles, along with federal project management in the world of victim-centric sexual assault response and prevention.

Michael's undergraduate degree is from Upper Iowa University, where he majored in social science, and his first graduate degree is from Liberty University, in human services and executive leadership. He is also a graduate of the U.S. Army Sergeants Major Academy. He is an instructor in the fields of suicide prevention and workplace violence prevention.

Michael resides in Green Bay with his wife, April, and their four children: Autumn, Bria, James and Garin. His hobbies include volunteering with his church, hiking, exploring the wilderness, playing with his kids whenever and wherever, playing and recording (and publishing) his music, and traveling.

Mallory Bartels '23

was born and raised in Green Bay and graduated from St. Norbert College with a degree in business administration with an emphasis in global business along with a minor in Spanish in the summer of 2023. Her junior and senior year she worked closely with the student-run international store, Discoveries International, starting out as part of

the human resources department then moving up to eventually run both the human resources department and the marketing department alongside her peers. Mallory studied abroad for a semester at the University of Virginia at Valencia in Valencia, Spain. During her time abroad she participated in a service-learning experience at ZB&P Abogados where she studied and participated in aspects of Spanish law through the criminal cases of the

law firm. Throughout her undergraduate years she worked at One Law Group as an office assistant. In this position she assisted attorneys and paralegals with client-related projects as well as assisting clients themselves with questions or concerns related to their cases.

Mallory is a proud St. Norbert graduate who is excited at the prospect of continuing her education with an educational institution she holds dear to her heart. She looks forward to building a professional network through the MBA program and broadening her skillset as she moves to start her career.

Mallory loves to spend time with her family, friends and her two puppies. As a Green Bay native, she loves watching and attending Packers games as well as other Wisconsin sports but also enjoys traveling, especially in Europe.

Brittany Brost graduated from the University of Wisconsin-La Crosse with a bachelor's degree in business management and a French minor in 2019. Brittany studied abroad for a semester at Aix Marseille University in the south of France. She was also a member of the professional business fraternity, Delta Sigma Pi. In the summer between her junior and senior year,

Brittany was a marketing intern for Kohler Co.

Post-graduation, Brittany joined Acuity Insurance in Sheboygan, Wis., as a commercial lines underwriter. Brittany started a new territory as Acuity became licensed in Virginia. She grows and manages a book of commercial business for all lines of coverage. One of her favorite parts of the job is learning a wide variety of industries. Brittany looks forward to applying knowledge from St. Norbert College and the MBA program to continue learning and gaining more leadership skills.

Outside of work and community involvement, Brittany enjoys spending time with friends and family, whether that is out on the lake, boating, golfing or playing yard games.

Phil Brown leads a large team of supervisors and shipbuilders at Fincantieri Bay Shipbuilding. Phil started with Bay Ship in 2018 as a welding engineer and now serves as the superintendent of steel fabrication. In his current role, Phil leads steel fabrication efforts across a three-shift-per-day operation with a focus on safe and efficient marine construction. Prior, Phil

managed the welding department at Bay Ship and was able to implement several large capital projects as well as better align the welding department with the overall production workflow of the shipyard.

He was interested in a manufacturing career from early on after taking several skilled trade classes in his western Michigan high school. After completion of his undergraduate studies from Ferris State University with a bachelor's in welding engineering technology, he moved to Appleton, Wis., to begin his career with Miller Electric Mfg.

Phil and his wife, Cassandra, recently married and enjoy spending time with family around the Fox Valley. Sharing an enjoyment for the outdoors, the couple can be found at their family's cabin on Trego Lake enjoying each season in northern Wisconsin.

Rana Connors graduated *summa cum laude* from the University of Wisconsin-Stout in 2020 with degrees in hotel, restaurant and tourism management and golf enterprise management. During her time at UW-Stout, Rana was awarded the Outstanding Student Award for both of her programs, as well as the Samuel E. Wood award, the highest non-academic

honor a Stout student can receive. Rana completed two professional internships while in college, where she served as the golf tournament coordinator intern at the Grand Geneva Resort and the hospitality intern at Destination Kohler. She received the Co-op Student of the Year award for both professional internships.

Upon graduation, Rana accepted a position with Destination Kohler in their management development program. Rana spent nine months learning each department of the resort operations, before being promoted to front desk and guest services manager at Lodge Kohler. In her current role, she leads a team of 20 guest-centric individuals. She works diligently to recruit, hire, train and mentor a team of individuals in a variety of guest-facing roles, including front desk agents and coordinators, bell persons and shuttle drivers.

Rana was born and raised in Platteville, Wis., and currently resides in Green Bay with her husband, David, and two cats, Router and Switch. Outside of work, Rana enjoys traveling, crafting and spending time with her family.

Joshua Copeland is a director of account development at Schneider, with 20 years of transportation/logistics experience who enjoys his role and is energized by working with customers and solving pain points in their supply chains. Joshua served active duty in the Marine Corps from 2004 to 2008.

Joshua graduated *cum laude* from University of Concordia in 2012 with a major in business administration and a minor in human resources.

Joshua is currently in pursuit of his MBA with the intent to expand his knowledge base of business strategy and

leadership practices, as well as learn and network with classmates to see how other industries tackle similar issues. Joshua is excited to continue his education with St. Norbert College and apply the best practices back at Schneider.

Joshua currently resides in Howard, Wis., with his wife, Emma, and his two daughters, Cadence and Laikyn. As a family, they enjoy traveling, being on the water, going up north and enjoying the outdoors. Outside of work, Josh enjoys running, spending time with his family and giving back to the soccer community by refereeing youth and high school soccer games.

Saige Diedrich '17

graduated from St. Norbert College with a degree in business administration, emphasis in finance. Saige worked in architectural project management after graduation before moving on to her current role of human resources manager at AmeriLux International. She has been with AmeriLux for three years and is responsible for leading and overseeing

all aspects of human resources and cultural development. She has been thankful to encounter incredible leadership during her time at AmeriLux and looks forward to being a part of their growth. Saige is also an active member on the board of directors for Green Bay's House of Hope emergency shelter.

Saige originally returned to her alma mater when she completed the foundational leadership program with St. Norbert's Center for Exceptional Leadership. She is currently in pursuit of her MBA with the intent to expand her knowledge base of business strategy and leadership practices. Saige is excited to continue her education with St. Norbert and apply best practices learned to her current role in human resources.

Saige currently resides in Green Bay with her husband, Chris, daughter Davian, and dog, Lilo. Saige and her family spend much of their free time at their cottage in Door County.

Jeremy Fischer is currently the power production manager at Manitowoc Public Utilities. He is responsible to lead his team of plant personnel to operate and maintain all electrical production and steam sales facilities, which include power boilers, steam turbine generators and a gas combustion turbine, all capable of

producing a combined 113 electric megawatts. Process and heating steam sales facilities include several fire tube gas boilers. Prior to his current position, he filled utility roles as mechanical maintenance supervisor where he managed major turbine and boiler overhaul projects. He also spent 16 years in design and programs engineering at Point Beach Nuclear Plant, including fire protection program management. He achieved qualification as a professional grade member of the Society of Fire

Protection Engineers. Some of his most rewarding work involves mentoring and the leadership of others to improve themselves as individuals and coworkers. Creating a community of everyday leaders positively impacts the lives of others every day.

Jeremy is a believer in lifelong learning. He received an associate degree in electro-mechanical technology from Lakeshore Technical College in 1996 and then obtained a bachelor's degree in mechanical engineering from the University of Wisconsin-Milwaukee. In 2009, he obtained his license as a professional engineer in the state of Wisconsin. He is excited to grow personally and professionally with an MBA from St. Norbert College.

Jeremy lives in Manitowoc with his wife and two sons on his family's fifth-generation farm. He enjoys spending time with family, church, farm work and the outdoors.

Marissa Fish '10 is an associate channel manager at Kohler Co. in the residential and power products division. After several years as an account executive at an advertising agency, Marissa moved into an in-house marketing role when she joined the Kohler team in September 2020. Using her 10-plus years of marketing experience, she spearheads marketing

campaigns to increase brand awareness and maximize quality lead generation for the power group. Her passion for creativity and collaboration has made her a key team

member. After a year with Kohler Co., Marissa embarked on her MBA journey at the Schneider School of Business to continue her professional development. Marissa received her bachelor's degree in business administration from St. Norbert and is delighted to return to campus to pursue her MBA. St. Norbert is a special place to her.

Marissa lives in De Pere. When she's not working or in class, she enjoys spending time in her yard and updating her 1950s home with her rescue pup, Ruby. She also enjoys visiting her hometown of Sturgeon Bay, Wis., in the Door County peninsula, where she can hike, dine and bike with family and friends.

Madelyn Fink graduated from the University of Wisconsin Oshkosh in 2023 with a degree in communication studies and a minor in multimedia journalism. Maddie played on the UW Oshkosh softball team and worked for conference services within a leadership position during her undergraduate education.

Following graduation, Maddie accepted a position at St. Norbert College as an area coordinator working within the department of Residential Education and Housing. Maddie works directly with a small team of resident and community assistants and works to serve a larger population of residents within the area that she oversees.

Having a passion for working with students and those on their various educational paths, Maddie enjoys the deep connections and positive impacts she is able to have on her residents. She looks forward to receiving more education within the St. Norbert MBA program in order to further her skills within business and leadership and hopes to find a career where she is able to use her new knowledge to help others.

Maddie grew up in Stevens Point, Wis., with two wonderful parents and a younger sister. She now lives in De Pere and has enjoyed being close to her extended family while not being too far away from where she grew up. In her free time, Maddie enjoys being outside in her hammock reading a book, playing video games, catching up with friends and spending time with her family.

Erick Flores '16 earned his bachelor's degree in international business. During his time at St. Norbert, he played on the soccer team and volunteered at multicultural events across campus. Erick obtained an internship at Schneider National in their STM department, and after graduation, accepted a full-time job with them. His current position is senior carrier

qualifications specialist which involves setting up safe, third-party carriers to haul loads for Schneider customers. Erick plans to grow within the company and felt pursuing an MBA at St. Norbert would help him achieve that goal.

Erick was born in Mexico and came to the United States at a very young age. He currently resides in Green Bay. You can find Erick hiking, hanging out with friends or playing soccer and golf. Erick hopes to continue expanding his education and continuing his very successful career.

Justin Gavin retired from the Navy in 2021 with 29 combined years of active and reserve service, most recently serving as a senior enlisted leader for Naval Mobile Construction Battalion (NMCB) 25. He led and managed a team of over 100 personnel through multiple overseas deployments in combat zones throughout the Middle East and Central Asia. He received an associate

degree from Northeast Wisconsin Technical College and subsequently a bachelor's degree from University of Wisconsin-Green Bay. He also attended the Naval Senior Enlisted Academy.

As a civilian, Justin has worked in the construction industry for over 28 years, progressing through many roles including installation, service, sales, design and

project management. In 2020, prior to Covid, he acquired a position with the state of Wisconsin as a bureau chief, supervising over 26 architects, professional engineers and designers of engineered systems across the state in plan review for commercial buildings. He also administers over 240 delegated municipalities throughout the state to perform commercial plan review. Justin serves on the Commercial Building and Mass Timber code councils as the state's subject-matter expert. He is also an integral member of Wisconsin's Veterans Village, serving on the building and grounds committee and offering his expertise in construction and best practices for a first-of-its-kind residence offering affordable housing for veterans without governmental assistance.

Justin has raised four children alongside Sandra, his wife of 32 years, in De Pere. When he isn't coaching softball he enjoys powerlifting, camping, bowling and playing golf.

Thomas Gritton '14 was a member of the soccer team and in the Honors Program during his undergrad years at St. Norbert; he graduated with majors in economics and mathematics. Upon graduation, Thomas began working for Kimberly-Clark in Neenah, Wis., in their finance department, supporting a production site in Paris, Texas. From there he moved into a sales

finance role and has spent the last four years supporting various sales teams.

In 2018, he moved to Minneapolis with his wife, Mary, while she studied to become a physician assistant. Upon her graduation in 2020 and during the beginning of the pandemic, he returned home to Neenah and decided to return to SNC to pursue his MBA.

Thomas lives in Neenah with his wife and two dogs, Jackson and Zeus. He stays close to soccer through refereeing high school and collegiate matches. In addition, he enjoys downhill skiing, cycling and generally being outside.

Carlos Hernandez '15 is the compliance officer/general counsel at PCM Credit Union in Ashwaubenon, Wis. Prior to PCM, he worked at a small law firm in Chilton, Wis., in the areas of business, trust and estates, and municipal law. Carlos completed his undergraduate degree in business administration in 2015. He continued his education at Marquette University

Law School where he received his law degree. Carlos is a member of the Wisconsin State Bar Association.

St. Norbert was an easy choice for his MBA, and just like for undergrad, he only applied to St. Norbert. Carlos is looking forward to expanding his knowledge as he works toward completing his MBA. Carlos grew up in De Pere and currently lives here with his wife, Adriene. When Carlos is not working, he enjoys spending time with his wife, boating, skiing and traveling together. Carlos is also an avid outdoorsman and always looks forward to the opportunity to be outside, whether that is hunting, fishing or working on his hunting land with friends and family.

Jeremy Humbert is a project manager for the nationwide commercial contractor The Boldt Company. He has accumulated 26 years of construction and facility management experience across various disciplines of construction while working across multiple industries. In his current role at Boldt, Jeremy serves as one of four project managers in the newly formed

Self-Perform business unit that currently serves projects across Wisconsin, Washington, and Arizona. Jeremy was born in Reading, Penn., lived in Akron, Ohio, for many years, spent three years living outside of Mexico City as a teenager and finally settled down in the Oklahoma City

area. He received his bachelor's degree in organizational leadership from Southern Nazarene University in Bethany, Okla., in 2010.

After two years living and working in Green Bay, he decided to pursue his MBA at St. Norbert College to strengthen his ability to grow within The Boldt Company, and to be the first in his immediate family to achieve this goal.

Jeremy lives in Allouez, Wis., with his wife of 20 years and their three children, a 6th-, a 9th- and a 12th-grader. When not working and studying, he enjoys weekend trips with his family, playing disc golf and spending time outdoors.

Logan Jadin '15 graduated *summa cum laude* with bachelor's degrees in Spanish, history and education from St. Norbert College. While here, Logan was a member of the cross country and track teams. He was part of various campus organizations, such as First Year Experience and the Student Government Association, as well as multiple honoraries, which

included the college's leadership honor society, Omicron Delta Kappa, for which he was elected the group's founding president.

After graduation, Logan taught for over seven years in Neenah and Appleton, where he shared his passions of Spanish and history with his students. He was also instrumental in organizing his school's annual Veterans

Day ceremony and coordinated fundraising efforts to benefit northeast Wisconsin's Old Glory Honor Flight. Outside of the classroom, Logan enjoyed coaching athletes as part of the Appleton North cross country and track programs.

In October 2022, Logan transitioned to a new role at Breakthrough, a US Venture company, in Green Bay. His current role supports clients in markets across North America, Europe and India. He is excited to apply the knowledge and skills acquired through the Schneider MBA program to help Breakthrough continue its growth in existing markets and beyond.

Outside of work, Logan enjoys traveling – a passion sparked during his semester abroad in Spain, spending time with his family and friends and being in the great outdoors.

Trudi Janquart has over 20 years of accounting experience. One of her first accounting roles was staff accountant at ChemDesign Products in Marinette, Wis. After working there for eight years, she left for varying roles including cost accountant, accounting manager and controller in the marine and defense, mining, fire protection and commercial baking

equipment industries. Four years ago, she returned to ChemDesign Products to fill a new role of customer relationship manager as an avenue to learn the products and customers to aid in her future transition to the controller/CFO role.

Trudi graduated from Northern Michigan University with a Bachelor of Science degree in accounting. She made the decision to pursue her MBA to gain insight and perspective from the professors and the other students. She chose The Schneider School of Business at St. Norbert College due to their reputation within the community.

Trudi lives in Menominee, Mich. In her free time, she enjoys spending time with her friends and family including her husband of 28 years, Chris, and her grown children, Brooke and Jason. She celebrated her daughter's wedding (to Garrett) and her son's last football season for Michigan Tech in the fall of 2022.

Jordan Janssen earned his bachelor's degree in information systems, business analysis from UW-Eau Claire in 2018. He also has a management minor and a business communication certificate. While an undergrad, he held several leadership roles: public relations representative for the Association of Information Technology Professionals (AITP) and

vice president of service for the National Residence Hall Honorary (NRHH).

Post-graduation, Jordan started his career as a business systems analyst (BSA), supporting supply chain. After a year, he transitioned into several leadership roles including finance, legal, compliance and human resources. Jordan coordinates projects that provide a

technical solution to business problems. Projects range from break fixes and enhancements to a technical uplift of their ERP system. Furthermore, he provides incident resolution and works with internal and external audits.

Jordan collaborated with a team to establish the first employee resource group at Plexus Corp. in 2019. He became a founding executive board member of the Plexus Young Professionals (PYP), most recently as acting vice president. Their vision is to attract, develop and retain talent through their four pillars of networking, professional development, community service and continuing education.

A presentation to young professionals by St. Norbert College on continuing education, specifically their MBA program, led Jordan to the program. He hopes that the MBA program will develop his skills for future positions as a leader within IT.

Aaron Kocha is a native of Green Bay. After high school, he served in the Navy for seven years as a cryptologic technician at various duty stations including England and Virginia. During this time, he obtained the rank of Petty Officer First Class and qualified as an enlisted surface warfare specialist.

Aaron returned to Wisconsin to pursue a Bachelor of Arts degree at UW-Madison, where he graduated in 2010 with a double major in political science and languages and cultures of Asia and a certificate in South Asia studies. He spent the first two summers in the South Asia Studies Language Institute where he studied Urdu and Pashto, and the next two summers as COPE director at Gardner Dam Boy Scout Camp.

Kurt Krippendorf '06 graduated from St. Norbert College with degrees in philosophy and political science in 2006. After undergrad he received his Juris Doctor (J.D.) in law from Marquette Law School in 2009. For the past eight years Kurt has worked for Oracle. He has held several roles including the following: inside sales rep, deal desk manager and group sales director. He has progressed from independent contributor to leading an organization of eleven teams with 125 employees. He currently is an applications account manager working with a segment of Berkshire Hathaway Companies assisting with their strategic digital transformation initiatives. At Oracle Kurt has achieved several awards including three-time MVP winner and most recently President's Club Achiever for his work last fiscal year.

Marla Krippendorf leads marketing strategies for Kohler's builder and multifamily channels across the United States. She graduated from the Universidad Interamericana in Heredia, Costa Rica, with a bachelor's degree in public relations in 2009. Marla spent the following three years with VIDA Volunteer Travel, a Costa Rica-based volunteer organization

that provides free medical, dental and veterinary services to underprivileged communities throughout Central America.

After college, he renewed his passion for scouting by serving in a professional capacity. Aaron brought outdoor adventure and career exploration programs to young people in the Upper Peninsula of Michigan as well as Marinette, Oconto, Brown, Door, Kewaunee, Calumet, Manitowoc, Sheboygan, Dane, Columbia and Jefferson counties in Wisconsin.

After six years in the nonprofit sector, Aaron pursued a new interest in the transportation industry. He obtained a CDL through Fox Valley Technical College and briefly drove semi-trucks for American Transportation and Karl's Transport. He earned an associate degree in Supply Chain Management at Northeast Wisconsin Technical College, and began employment with Schneider National where he worked for four years as an operations specialist, area planner and presently as an operations lead.

Kurt's career journey has taken him from his home town of Plymouth, Wis., to Minneapolis, Minn., and then to Austin, Texas. During COVID, flexible working conditions along with much self-reflection brought Kurt and his family back to their home town of Plymouth.

After traveling for work, you can find Kurt spending time with his unparalleled wife, Marla, and his adored twelve-year-old daughter, Bela. They spend time watching movies, playing games and enjoying Kurt's delicious home cooking.

Kurt and Marla enrolled in the Schneider MBA program because they experienced firsthand the life-changing value of a St. Norbert education. They also believe in living St. Norbert's core values while building a strong community of business leaders.

In 2012, Marla returned to her home state of Wisconsin and began her career with Kohler as an associate market analyst - Latin America. In 2015, she relocated to Minneapolis, Minn., and transitioned to a role as a sales executive. Marla spent the next four years supporting builders, developers, designers, remodelers and plumbers in the Twin Cities. During that time, she won Kohler's "Rookie of the Year," "Highlight of the Year" and "Believing in Better" awards. Marla was also the co-chair of the Membership Community at Housing First Minnesota where she was recognized as the "2019 Rising Star."

Maria Krippendorf continued on next page

Maria Krippendorf continued

In 2019, Marla relocated to Austin, Texas, where she took on an expanded role with Kohler as a business development manager, overseeing Projects & Specifications sales across Texas, Florida and Oklahoma. In 2021, Marla was promoted to builder channel manager, where she has spent the last two years creating and implementing strategies to grow sales with builders and

developers across the country. In 2023, she was named “Most Valuable Player” by the Kohler sales organization.

Marla resides in Plymouth with her husband, Kurt, daughter, Bela, and two dogs, Thor and Loki. In her free time, she enjoys traveling and making charcuterie boards for family events.

Aaron Kupsy earned his Bachelor of Business Administration degree, majoring in supply chain & operations management, from the University of Wisconsin Oshkosh in 2007.

Aaron has 15 years of experience working in procurement across many industries and is currently the purchasing manager for Wisconsin Aluminum Foundry. His focus in this role is continuous cost-saving exercises, contract negotiations and managing supplier relationships. Aaron also works with the engineering

and leadership teams to develop total cost of ownership reviews for CAPEX. Aaron entered the MBA program to continue his professional and personal development and to learn advanced business concepts that will help him develop strategies to drive continuous improvement, more effective supplier relationship management and cost savings.

Aaron currently resides in Green Bay with his wife, Cammie, his sons, Owen and Eli, his daughter, Evelyn, their dog, Brewer, and Amy the hedgehog. Aaron is active in coaching his children's baseball and soccer teams, hiking nature trails around northeast Wisconsin, hunting, fishing or vacationing on a beach somewhere warm.

Amanda Lang currently holds the position of vice president of administration at Bay Area Granite & Marble. Her journey with the company began in 2012 when she started as a part-time office manager. In 2018, she transitioned to a full-time role, coinciding with the company's most significant expansion to date. Amanda's

responsibilities encompass a wide range of critical functions within the organization, including human resources, accounting, information technology, marketing and overseeing various corporate projects and initiatives.

Before fully committing to her role at Bay Area Granite & Marble, Amanda spent seven years in the telecommunications industry while pursuing her undergraduate degree in business administration. During this time, she transitioned into sales leadership and program management at Alta Resources. In this capacity, she demonstrated her strategic prowess by effectively managing and leading a business-to-business sales team. Her responsibilities included overseeing profit-and-loss statements, budgeting and reducing

expenses. Additionally, Amanda was responsible for reviewing and negotiating client contracts and conducting comprehensive business reviews. Her achievements in this role included the successful completion of her Six Sigma Green Belt certification. Subsequently, she pivoted her career into IT project management before eventually moving on to new opportunities.

Outside of her professional life, Amanda resides in De Pere with her husband, Jake. They share a passion for travel, frequently exploring various destinations across the United States with friends and family, often focusing on visiting golf courses. Together, they maintain an active lifestyle through regular workouts and participating in duathlons, even though neither of them particularly enjoys running. Amanda and Jake also find fulfillment in supporting their five nieces in their various endeavors, which include softball, basketball, choir and whatever they choose! During the winter months, you'll often find Amanda racing them down ski slopes, always eager to push herself and others to their limits.

Amanda's appetite for personal and professional growth remains unquenchable, and she is currently pursuing her MBA at St. Norbert College with great enthusiasm.

Molly Linczeski '19

graduated with a bachelor's degree in biology with a concentration in organismal biology from St. Norbert College. During her time on campus, she worked in the office of admissions as a tour guide and was a member of the National Residence Hall Honorary. Currently, she works as a technical service representative at Resolute Forest

Products, Menominee Pulp Mill in Menominee, Mich. She performs laboratory testing to ensure the wastewater treatment plant remains in compliance with its permits

and other laboratory testing to check the efficiency of the process equipment used in the de-inking process. She also handles customer complaints and inquiries. Molly has been with Resolute as a full-time employee for three years and worked there as college help during the summer breaks of her undergraduate years.

In her free time, Molly enjoys camping, hiking and downhill skiing. She loves spending time with family, friends and her golden retriever, Oliver. Molly looks forward to growing both personally and professionally through this program.

Nicole Linssen is a tenured CPA professional with over two decades of accounting and finance experience in both the for-profit and nonprofit sectors. She began her career in the electric and gas industry, followed by a handful of opportunities in trucking, specifically around captive insurance. Through her growth within this realm, she went on to take responsibility for

leasing operations. The tourism industry attracted Nicole away from trucking and she went on to manage the finance function and began the accounting transition of the Greater Green Bay Area Convention and Visitors Bureau (GGBCVB) into a nonprofit organization. Currently, Nicole is the director of finance for Greater Green Bay Habitat for Humanity (GGBHFH). Nicole has recently taken on additional responsibilities in the human

resources and compliance areas such as onboarding employees, open enrollments and compliance with the many guidelines of being a part of a global affiliate organization. Nicole is excited about the SNC MBA program for developing her skill set for her new responsibilities and enhancing her experience in the accounting and finance area. Nicole graduated with a Bachelor of Science degree from the University of Wisconsin-Green Bay and earned her CPA designation. She has been a member of the Wisconsin Institute of CPAs for 25 years and the Packerland Chapter of the Institute of Management Accountants for nearly two decades. She has most recently earned the Advanced Certified Nonprofit Accounting Professional designation in 2022. She lives in De Pere with her husband and has two college-aged children. In her free time, Nicole enjoys spending time with her family, boating, reading, running, biking and being outdoors.

Deanna Lutz is an experienced leader with a passion for creating, inspiring and leading positive employee and customer experiences. She enjoys developing others and creating leaders at all levels. She is currently a customer care manager at Cellcom where she co-leads six customer care teams who deliver on Cellcom's promise of live, local

and personalized service. Prior to Cellcom, she worked at CONNECT, powered by American Family Insurance for 16 years in the auto claims department. There, she led a team of auto claims adjusters responsible for investigating and settling complex auto claims with damages and injuries.

Deanna received her bachelor's degree in business management and marketing from the University of

Wisconsin-Eau Claire. In addition to the degree, she earned an advanced business communications certificate and graduated with honors.

Deanna currently resides in the Town of Lawrence, Wis., with her husband, Patrick, and their three children, Ryan, Nathan and Aubrey. As a family, they enjoy hiking, biking and traveling. Much of their time is spent supporting their kids in the West De Pere sports and activities they love — basketball, baseball, gymnastics, football and soccer. Deanna strongly believes in continuous learning. One of her favorite quotes is: "At any given moment, we have two choices: to step forward into growth or to step back into safety." She looks forward to the many insights, discussions and learnings she will have throughout her MBA studies at St. Norbert College.

Jack Maastricht '20 is a business analyst at American Family Insurance in the claims department. He has been with the company a little over two years and is responsible for creating reporting on adjuster behavior and performance as well building financial reports and tracking key performance indicators. As American Family Insurance

transitions their data structure to Google Cloud, Jack has been heavily involved in the data design and building of new reporting for leadership in the company at all

levels. He is pursuing his MBA to continue improving his leadership skills and learning what authentic leadership looks like for him. Jack also is in his second year as a volunteer assistant coach for St. Norbert baseball where he will primarily coach hitting and baserunning. Originally from Sun Prairie, Wis., Jack graduated from St. Norbert College in 2020 with degrees in economics and mathematics. He currently resides in De Pere and in his free time enjoys playing baseball, golfing, hiking and reading.

Shannon Martin graduated from Cardinal Stritch University in 2011 with a degree in business management and is now a customer care manager at Cellcom. Her responsibilities include the customer care, customer loyalty and resolutions departments. In her 15 years with the company, she's held multiple leadership roles with a focus on customer operations. Her favorite

thing about working for this local company is the focus on employees, customers and the community. Shannon is also a member of the board of directors for the Mitel America's User Group.

She is a member of the Cellcom Marathon Operations Committee, a position she's held since 2018, and she is a

2021 graduate of Leadership Green Bay. Her team project was creating the first fully sustainable Hygiene Hub in Brown County, located inside the Howe Community Resource Center. The hub is free to all students/families in need through support from Brown County school social workers. Since graduating from Leadership Green Bay, Shannon has stayed involved in the program through the curriculum committee and mentorship program. She looks forward to expanding her business and leadership knowledge and networking with other business professionals throughout the program.

Shannon lives in De Pere with her children, Skyler, 13, and Landyn, 10. In her free time, she enjoys spending time up north and attending concerts with friends and theatre productions with her daughter.

Anthony Michels earned his bachelor's degree in business administration from the University of Wisconsin-Superior in 2021. While attending UW-Superior, Anthony took on various leadership roles, including being named captain of the men's tennis team and serving as president of the student-athlete equality, diversity and inclusivity committee. He also served as a

tennis instructor for the Menomonie Parks and Recreation department. He spent three years working for the city, reporting to city officials and leading tennis classes for kids aged eight to 18.

Before enrolling in graduate school at St. Norbert, he served a season as assistant coach for the UW-Stout

women's tennis team, where he was tasked with recruiting, match-day operations and managing student-athletes.

Currently, Anthony is a racquets professional at the Green Bay Country Club as he pursues his MBA. He teaches youth tennis clinics, adult tennis clinics and pickleball clinics, and offers private tennis and pickleball lessons. On the administrative side, Anthony manages the racquets pro shop, assists guests, hosts social events involving racquets, performs general maintenance, and assists the director of tennis with billing, scheduling and accounting.

Anthony loves watching sports and equally loves playing them as you can usually find him on the tennis courts or on the golf course. He will be playing out his collegiate eligibility on the St. Norbert men's tennis team this year. Go Green Knights!

Danielle Moldenhauer

is a senior relationship banker at Johnson Financial Group. She received her bachelor's degree at the University of Wisconsin – Green Bay with a degree in business and human resources.

Soon after graduation she started as a temporary employee at Johnson Financial Group to see if she enjoyed working in the industry. She quickly

realized that banking and helping her clients reach their financial goals was her passion. She is responsible for a

book of business of over 400 households. When she is not helping her clients, she assists her fellow associates in achieving their goals and helps solve some tougher situations. She has been a part of several task forces and focus groups to test out new products or platforms and to revise certain training programs.

When Danielle is not at work or in class you will find her out in one of Wisconsin's beautiful state parks, hiking, camping or out on the water. Alongside her you will see her husband, Josh, her newborn daughter Athena and their beloved golden retriever, Lucy.

James Murillo

earned his Bachelor of Science degree in business management and human resources from the University of Northwestern – St. Paul in 2012.

James has 19 years of experience working in sales and purchasing in recycling materials industries. Currently

he serves as the regional marketing manager for Alter Metal Recycling. He oversees the team responsible for the purchasing and marketing efforts of eight metal recycling facilities in Wisconsin and the Upper Peninsula of Michigan. His love of continual learning, a strong emphasis on building authentic relationships and seeing “behind the

scenes” has allowed him to better understand the unique challenges and opportunities facing his regional teams, suppliers and consumers leading to continual growth and value throughout the cyclical nature of commodities.

James entered the St. Norbert MBA program looking to continue his professional and personal development while growing with peers outside of his industry bringing real-world examples and practicality during in-person sessions.

James currently resides in the greater Green Bay area with his wife, Sarah, and three kids. High school sweethearts originally from Iowa, they share a love of watching their children in various sporting activities, the Nashville music scene, beaches and family road trips.

Justin Nishimoto

graduated from Arizona State University with a bachelor's degree in agribusiness and resource management, with an emphasis in professional golf management. He has held a PGA Class A Golf Professional certification since 2013. He has worked at prestigious golf clubs around the nation, from Arizona to upstate New

York, including Turning Stone Resort and Casino and, most recently, Thornberry Creek at Oneida as the PGA head golf professional for three years. He has led upwards of 45 staff members, and managed a PGA Professional Championship and the last two years of the Thornberry Creek LPGA Classic.

Justin has been the Oneida tribe's business analyst for the past year, as well as the agent for the Oneida Golf Enterprise Corporation. He works on projects for the tribe that help with economic growth and provides resources for up-and-coming Oneida Nation tribal entrepreneurs. Justin still has a passion for teaching the game of golf. He continues to be a PGA Golf Professional by teaching juniors, amateurs and professionals the game.

Justin lives in Ashwaubenon, Wis., with his wife and their three children. Justin's hobbies are playing and watching sports, spending time with his family and watching movies.

Corey O'Connell is the senior manager of technical support and repair at Cellcom/Nsight. Corey has worked at Cellcom for over 18 years and currently leads three teams that are responsible for providing technical support and repair services to customers. Through the various roles he's held at Cellcom, he's been involved with strategic planning, budgeting,

data analysis, and key product and service launches. He works closely with other operations teams, engineering and vendors, always focusing on improving the customer experience.

Corey has a passion for leadership, growth and development, and he enjoys attending various leadership conferences and programs. In 2019, he completed a

two-year, transformational leadership program. Corey holds a bachelor's degree in business administration and is excited to be a part of the Schneider MBA program. He is looking forward to the opportunity to work closely with and learn from other business professionals and the networking and camaraderie that comes along with the program.

Corey resides in Ashwaubenon, Wis., with his wife and three children. In his free time, he enjoys hanging with his family, sports, coaching football, live music and outdoor activities such as fishing and boating.

Michael Payant '22 graduated from St. Norbert College with a bachelor's degree in economics and a biology minor in 2022. Michael played on the men's basketball team during his undergraduate years and was the treasurer for the Pre-Health Science Club his junior and senior year.

Post-graduation, Michael joined the Nicolet National Bank family in Green Bay as a credit analyst intern. He works with the credit team to help fulfill the needs of customers at the bank. He loves working with numbers, whether that is filling out financial

statements or working on evaluations for different kinds of properties. He also enjoys being involved in the community by participating in volunteer events. Michael looks forward to continuing to learn and applying the knowledge from the St. Norbert MBA program and growing his leadership and business skills.

Michael grew up in Pewaukee, Wis., with an older sister and an older brother. He now resides in Ashwaubenon, Wis., just down the road from the Packers. When Michael isn't working or involved in the community, he likes to spend time with his family and friends — fishing, golfing or spending time on the lake.

Dylan Peerenboom '19

is a buyer at Miller Electric Manufacturing Company, located in Appleton, Wis. Dylan has been with Miller Electric for four years, starting as an operations intern in the summer of 2019. In his current role, he is accountable for material allocation related to new product development for Miller Electric's commercial platform,

along with driving cost-management projects and supplier management for critical electronic components and welding filler metals.

Graduating from St. Norbert College in the winter of 2019, Dylan earned his bachelor's degree in business

administration, with minors in both leadership and economics. During his undergrad years, he spent his fall Saturday afternoons representing the Green Knights football team as #66 on their offensive line. He is excited to return to his alma mater to pursue his MBA and continue his professional development, learning from his peers and bringing added value back to his organization. Dylan is a first-generation college student from Oshkosh, Wis. He spends most of his time outside of work with family and friends on Lake Butte des Morts, where he lived growing up with his mom, dad and sister. He enjoys weightlifting, golfing, boating, the Green Bay Packers and watching his SNC Green Knights ring the victory bell on Saturdays.

Chad Pigeon '08 is a seasoned financial and managerial accounting professional. He has spent most of his career at Sanimax in Green Bay, currently leading the company's finance and accounting group as the regional controller. Chad and his team are responsible for five of the company's manufacturing facilities across the U.S. and Canada, playing a key role in the

success of financial planning and analytics. The team's goal is not only providing an accounting service, but also being a valued business partner. Chad and his team are always looking for new and creative ways to help maximize the value of Sanimax and protect the overall value of the business.

Chad is happy to be back at St. Norbert where he previously earned his bachelor's degree in accounting and business. He appreciates the opportunity to build a professional network and learn from his peers through the MBA program. The program has helped Chad broaden his skillset and enhanced the prospect of his future career development.

He and his wife, Tara, are kept busy raising their two active daughters, Lainy, 5, and Adley, 3. Chad and Tara are part of the animal foster community at Happily Ever After and the Humane Society. They enjoy helping animals through their rehab process and keeping these animals out of the shelter. In their free time, Chad and his family are sports enthusiasts and enjoy traveling, especially to their cabin in the Northwoods.

Kaleb Schad is the director of strategy and marketing for Rawhide Youth Services—a behavioral and mental health agency focused on youth aged 13-24. He leads teams dedicated to developing new programs for troubled youth, negotiating contracts with agency partners and identifying and leveraging relationships for collaborations like Career EXCElerate

Wisconsin, a partnership between Rawhide, Goodwill and Fox Valley Tech. He also oversees all marketing efforts for business planning and communications to drive brand engagement.

His career has always been in marketing and in a previous role he was the creative director for Prevea Health and dozens of other clients where he worked on projects like Prevea's annual advertising campaign with Aaron Rodgers and rebranding international companies like Plexus.

He graduated from UW-Stevens Point and has also participated in InitiativeOne's Leadership Transformation courses and executive coaching courses. He lives in Suamico with his wife, two boys and a boxer. In his free time he ... has none.

Danny Stewart '21 is a business development specialist at Amerilux Logistics in De Pere. He has been part of the Amerilux Family of Companies since 2021 and in his current role his focus is on attracting and onboarding new business with the goal of accelerating the company's sales.

Danny graduated from St. Norbert College in 2021 with a degree in business administration

with an emphasis on marketing. Five of the six members of his family are graduates of St. Norbert, so he did not have to think hard about where to continue his education when looking for an MBA program.

Outside of work, Danny is an assistant coach for the De Pere High School baseball team, passing on all the wisdom he gained while playing for the Green Knights during his undergraduate studies.

Lisa Strandberg is executive director of Pillars, a housing and homelessness nonprofit in the Fox Cities. From June 2020 to July 2022, she served Pillars as community engagement director, overseeing fundraising, volunteerism, communications, marketing and community outreach.

Prior to joining Pillars, Strandberg spearheaded InterSector, a regional initiative funded by the J. J. Keller Foundation to build capacity in nonprofit human resource, IT, finance and administrative functions. She partnered with nonprofit, corporate and philanthropic entities to create a capacity-assessment process and engage skilled volunteers in capacity-building projects. Strandberg also planned and implemented a northeast Wisconsin nonprofit compensation and benefits survey

relied upon by leaders throughout the sector.

Strandberg first moved to the Fox Cities in the mid 1990s to work for Kimberly-Clark in research and development. From 2011 to 2018, Strandberg formalized the fundraising and communications functions at Samaritan, formerly known as Samaritan Counseling Center of the Fox Valley. As development and communications director, she was a member of Samaritan's leadership team from 2013 to 2018. Strandberg holds a bachelor's degree in chemical engineering from the University of Wisconsin-Madison. She is pursuing her MBA as a beneficiary of the Phil Hauck Scholarship for Nonprofit Leaders. Strandberg is an alumnus of the Nonprofit Leadership Institute, a program of the Nonprofit Leadership Initiative within the Community Foundation for the Fox Valley Region.

Strandberg and her husband, David, have two adult children, both of whom attend the University of Wisconsin-Madison.

Nate Tackaberry '10 has been a development officer in the advancement office of St. Norbert College since 2017. In this position, he has the privilege of meeting the institution's most enthusiastic, generous alumni and friends in facilitation of their philanthropic visions for the college.

A St. Paul, Minn., native, Nate attended high school at St. Thomas Academy and was assisted through the Catholic, military, college prep school with mentorship and financial assistance from the late Winston Adams: a donor, a mentor, a friend. It is through this relationship and education that he embarked on the path, coming full circle, of working in philanthropy.

His pursuit of the MBA is steeped in his passion for lifelong learning and the ambition to further his leadership and collaborative skills to reflect his morals/ethics, as well as adapt to the 21st-century evolution of business leaders. He currently serves as an SNC employee mentor, First Year Experience advisor, volunteer tennis coach and on the SNC Talks resource and connections committee.

He met his wife Katy at SNC, and they reside in Green Bay. They have two children and a dog, Bear. You will often find them surrounded by family and friends outside playing yard games, up north on a lake, skating on their backyard/homemade ice rink, or around a bonfire. SKOL!

Grace Taylor '22

graduated from SNC with a degree in communication and media studies and a minor in graphic design. With a high level of commitment to academics, Grace earned her degree in three years. During the winter of her senior year, Grace studied abroad in Italy exploring historical art and architecture. Grace transferred from UW-Green Bay where

she played soccer, and continued playing soccer at St. Norbert until graduation. Grace participated in several other activities at SNC, including Student Alumni Ambassadors, Multicultural Club and school theatre productions.

Grace is currently employed at Imperial Supplies in marketing services. Prior to this position, Grace was an

intern in management for Kohl's. Additionally, Grace was a public relations intern for the Village of Bellevue. As a lifelong resident, Grace is dedicated to the Green Bay community. She volunteered for the Celebrations Church Kids Summer Camp along with coaching soccer for youth teams. Grace and her family also foster kittens through a local no-kill animal shelter.

Grace is proud to be a St. Norbert alum and welcomes the opportunity to continue her education. Grace is pursuing her MBA to further improve her skills as a leader and communicator.

Grace loves to spend time with her family, including her parents, two brothers and two cats. Grace also enjoys cooking and playing sports. She travels often and has a goal to visit all 50 states. She is currently halfway to her goal.

Josh Theis is the executive director at Options for Independent Living, a nonprofit organization that helps people with disabilities live independently. In this role, Josh leads a team to provide services to remove barriers preventing someone from living independently in Options' northeastern Wisconsin service area. Prior to this role, Josh served as the administrator of

skilled-nursing facilities in Minnesota and Wisconsin. His responsibilities included ensuring quality care was being provided to residents, budget creation and management, and building staff engagement and compliance with

federal and state regulations. Josh currently serves on the board for the Wisconsin Coalition of Independent Living Centers. Additionally, he has been on the board of Wisconsin Health Care Association.

Josh resides in De Pere with his wife, Kari. They have two children, Christian and Henry, and a dog, Vincent. They enjoy spending time with family and friends, getting outdoors, swimming and golf.

Josh graduated from the University of Wisconsin-Eau Claire in 2008 with a degree in healthcare administration. He is excited to pursue his MBA at St. Norbert to grow personally and professionally.

Joe Vanden Avond

is a director at Ryan Funeral Home in De Pere. He graduated from the University of Wisconsin-Madison with a degree in philosophy in 2013 and continued his education at Worsham College of Mortuary Science in Wheeling, Ill. In 2018, Joe was certified as a grief support specialist through UW-Madison Continuing

Studies, the first program of its kind in the nation.

Ryan Funeral Home is the exclusive funeral service provider for the Norbertine priests of St. Norbert Abbey and the

primary funeral service provider for members of The Oneida Nation of Wisconsin. Directors at Ryan are responsible for all aspects of the funeral process. The funeral home staff is available to families in Brown County and beyond, twenty-four hours per day, seven days a week.

Outside of his vocation, Joe is currently serving as president for the Brown County Chapter of the Wisconsin Alumni Association and is an accounting instructor for the online associate degree program at Worsham College. He spends his free time with family and friends, cooking, playing in the City of De Pere recreation programs and singing in the Dudley Birder Chorale of St. Norbert College.

Mitchell Van Vooren earned his bachelor's degree, double majoring in real estate and entrepreneurship, from Marquette University in 2023. During his undergraduate studies Mitchell was a student-athlete running track and field and was a captain of the team his senior season. Throughout his four years, Mitchell etched his name on multiple top 10 all-

time lists, as well as breaking the 400m hurdles school record. Mitchell was also a four-time All Academic Big East award winner and was an Academic All-American his senior season. Mitchell was also involved in multiple on-campus organizations such as S.H.A.P.E, Real Estate Club and the student-athlete LEAD program. During the summer of 2022

and throughout his senior year Mitchell interned at Bear Development.

Mitchell believes that the Schneider MBA at St. Norbert College was the perfect next step for him academically, as well as athletically. He believes with the Schneider MBA he will be able to have a leg up on the competition when he officially joins the workforce post-graduation. He aspires to work in real estate development and help bring more affordable housing projects to light.

Mitchell was born and raised in Peshtigo, Wis. but currently resides in De Pere. Mitchell spends his time playing football for St. Norbert College, spending time with friends and family and being on the water in the summer months.

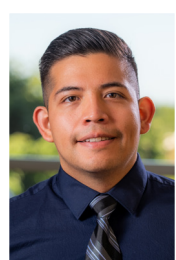

Reetika Verma is a versatile individual from India, embodying a captivating blend of talent, education and ambition. With a master's degree in English literature, she spent over eight years teaching and nurturing a passion for language and literature at various colleges and universities. Reetika moved to the United States three years ago and started

her professional journey in administrative services with The Wright Center for Medical Education in Scranton, Penn., before moving to Green Bay.

To further broaden her horizons, Reetika has embarked on the challenging path of pursuing an MBA at St. Norbert, where she aspires to merge her literary finesse with her newfound management acumen. Her determination to excel in this field stems from her unwavering desire to make a

significant impact in the world of management and business. Beyond her academic and professional pursuits, Reetika excels in the performing arts, particularly in aerial hoop and aerial silk dance, mastering the delicate art of defying gravity with grace. She is also proficient in the Indian classical dance Kathak and the Indian classical instrument Sitar, a timeless tradition that she cherishes.

Reetika's journey is a testament to lifelong learning, artistic expression and professional ambition. With her sights on a promising management career, she continues to evolve and inspire those fortunate enough to cross paths with her. In her personal life, Reetika lives in Green Bay with her husband Bikram, a doctor by profession, forming a dynamic duo committed to personal growth and community service. They enjoy online video game marathons, traveling and spending time together.

Jose Villa is a commercial loan officer for Fox Communities Credit Union. He graduated from Northeast Wisconsin Technical College with a business management associate degree in 2010, and then continued his education at the University of Wisconsin-Green Bay, from which he obtained his Bachelor of Business Administration degree in

finance with a minor in international business.

Jose started his career as a relationship banker. He quickly transitioned into the role of residential loan specialist, then further into commercial loan underwriter.

He is actively involved in community organizations such as Casa ALBA Melanie, where he participates in the Latino

Leadership Circle, and the Green Bay Botanical Garden, where he recently was accepted as a new board member.

As a first-generation U.S. citizen, Jose has overcome much adversity to reach his goal of buying his mother a home and helping his family reach financial stability — all while receiving the education needed to be successful in his career. This experience allowed him to discover his passion for assisting others in reaching their financial goals and dreams and gave Jose the drive to pursue both a career in the banking industry and an MBA. In doing so, he continues to develop his personal and professional skills and become a better resource for his community to help make this world a better place.
